CAREER PROFILE

Detail-oriented Computer Engineering graduate with hands-on experience in full-stack web development, RESTful APIs, and database design via internships and real-world projects. I am looking to work on Software Developer/Frontend/Backend/Full-Stack roles where I can develop scalable applications and contribute positively to high-impact engineering teams.

EDUCATION

Bachelor of Technology – Computer Engineering **Jun 2025**
Silver Oak University, Ahmedabad, Gujarat **CGPA: 9.45 /10.0**
Courses: Web Technologies, Core Python, Data Structures, Analysis and Designing of Algorithms, DBMS

High School Certificate (Mathematics, Physics, Chemistry) **Jun 2021**
Hebron, Gujarat Education Board, Gujarat **Percentage: 74.76%**

TECHNICAL SKILLS

Languages	JavaScript, Python, C, Java
Web Development	React.js, Node.js, Express.js, HTML5, CSS3, Bootstrap, RESTful APIs
Databases	MongoDB, MySQL, PostgreSQL
Frameworks/ Tools	Git, GitHub, Visual Studio Code, Postman, Google Cloud, JWT Authentication, MongoDB Compass
Concepts	Authentication & Authorization, CRUD operations, API integration, Responsive Web Design

WORK EXPERIENCE

ZenDevX Solutions Pvt. Ltd. (Software Developer Intern) **Sep 2023 – Mar 2025**

- Created, tested, and debugged features for ERP software and internal web apps, increasing the stability and usability of the end-user experience.
- Contributed to improving "ZenDevX", a no-code tool that produces source code in multiple tech stacks, helping reduce the development effort for client projects.
- Collaborated with senior developers and stakeholders on requirement understanding, implementation of feedback, and timely delivery of iterative releases.

ACADEMIC PROJECTS

E-Commerce Web App (*React.js, Node.js, Express.js, MongoDB, JWT*) **Jan - Mar 2025**

- Developed a full-featured e-commerce web app inspired by Blinkit.
- Implemented a secure JWT-based user authentication, password reset functionality, product search, and responsive UI.
- Built RESTful APIs for user and product management and integrated MongoDB for persistent data storage.

Portfolio *(HTML5, CSS3, JavaScript)* **June, 2024**

- Personal portfolio highlighting my academic background, qualifications, and achievements.
- Designed full website covering all the form control elements and designing elements to make it more interactive.

CERTIFICATES

Using MongoDB with Node.js **MongoDB University**

- Completed a hands-on training course covering connection setup, CRUD operations, aggregation pipelines, transactions, and performance best practices using the MongoDB Node.js driver.

Code in Place **Stanford University**

- Learned Python fundamentals, algorithmic thinking, and problem solving in an instructor-led program (first half of Stanford's flagship course CS106A) by Stanford professors.

VOLUNTEERING

Student Fundraiser (Cancer Aid Society)

- Volunteered for 15 days with the National Cancer Control Programme at Cancer Aid Society. Awarded a Certificate of Social Service and Gold Medal for raising awareness about cancer and substantial donations per WHO guidelines.
